Interesting Bill Offered by Mr. Owen.

WANTS QUICK RETURNS

More Evidence as to the Jordan Oyster Bill-Roads Committee to Report on Corporations To-Day-Important Matters to Be Up.

Hon. John J. Owens, of Prince Ed ward, has offered in the House a bill which will be of interest to the commisgion merchants, as well as to the farmers of the State.

measure, which is designed to make the farmer more prompt in their returns for goods consigned to them, is as follows:

sembly of Virginia, that whenever any commission merchant shall have made sale of any consignment of farm product he shall not later than the following day mail to the consignor an itemized statement of the transaction, showing the date of sale, the quantity and price of the products and the name and address of the purchaser.

"Any commission merchant wilfully failing to comply with the provisions of his act shall forfeit his commission on said sale and be fined not less than ten dollars, nor more than one hundred doi-lars; to be recovered as other fines due

In discussing the reason which actuated him in offering the measure, Mr. Owen said when seen last night:
"Many of the farmers and shippers of farm products have complained to me in

tion when he thinks he has not been treated fairly."

The joint committee meeting of the Senate on Pish and Game, and of the House on the Chesapoake and its Tributaries on yesterday siterneon was prolonged and interesting. Various parties from Northampton county appeared in support of the Jordan oyster his to break the Baylor survey. Mr. Wilkins, of Northampton, an oyster his prector from that section, was the first inspect for who has been favorable to the breaking of the survey who has yet made his appearance. He was followed by Messrs. Smith, White and others, and the questions from the Tidewater members of the committee drew out the fact that they were planters, whose grounds sabited very closely to the present lines of the Baylor survey, and Mr. Wilkins said that if the survey was broken he would be deluged with applications for ground. Mr. Wilkins was asked some questions as to the cost of absolutely defining the lines, so as to separate the productive spots from the barren area claimed to be in the present lines, and Tidewater men contend that he did not answer the questions satisfactorily. These gentiernen were followed by ex-Senator James N. Stubbs, of Gloucester county, whose speech was characteristically enthusiastic. Mr. Stubbs denied that he was, representing only the interest of the tongsmen. He claimed that he ropescrited tohesmen, planters, farmers, merchants and laboring men, and said he tongsmen. He claimed that he ropescrited tohesmen, planters, farmers, merchants and laboring men, and said he found to him the production of the bill.

and completed the final draft of their report on the subject of corporations, and it will be submitted to the House to-day. The report, which is a voluminous document, is largely the handlwork of Colonel James R. Caton, of Alexandric, though after having been drawn by him, it was considered for days and days by the other members of the subcommittee and then by the full committee.

The report takes the article of the new Constitution on corporations and blends it with the present laws on the subject, so as to make them comform to each other in every minute detail. The House will likely take it up for consideration as soon as the tax bill is disposed of, and its consideration will require a great deal of time.

Full and complete provisions are made for the new Corporation Commission, which is to take office on March 1st, and in short puts into operation all the machinery along this line which was provided by the corporation section of the new Constitution.

The bill to repeal the famous Louisa Development Company's charter was set for hearing on February 25th.

There is a decided sentiment, especially among the lawyers of the Legislature in favor of the effort which is going on all over the country, to bring about uniformity of legislation in the several States of the Union. Bills have now been offered in both branches with this end in view, and they will be pressed at the proper time. There is a decided sentiment, especially

#### At the Cheatres.

In Charles Newman's latest musical comedy, "Mr. Jolly of Jollet," which comes to the Academy next Tuesday, Edward Garvie plays the title role. It has all the snap of the brightest French construction. It is as ingenuous as any of the involved farces of partitions and transoms that come from "Gay Paree," but it is so rich in wholesome American fun that there can be no doubt as to its entire originality. There is not a suggestive line in it. It is built simply for purposes of laughter, and has been undenlably successful. Seats are on sale to-day. to-day.

Baby Virena, the clever child actress, who has made such a hit with the company now producing "At Cripple Creek" at the Bijou, will hold a reception after the matince this afternoon. The gallery is sold out for this performance and seven extra rows have been added to the capacity of the orchestra to meet the demand for trickets.

In the past twenty seasons millions of theatre-geers have witnessed Lewis Morrison's performance of Mephisto and been delighted with the elaborate scenery provided for the garden, Brocken and apoth-cosis access at "Faust." Lewis Morrison comes to the Academy on Wednesday next, and will give his final performance of Mephisto on that night, so far as this city is concerned.

The most successful of all romantic dramas is "The Prisoner of Zenda," underlined for early prsentation here next Thursday,

The new trick pantomime farce, "Zig-Zag Alley," will receive its first presentation at the Bijou next week.

The play is by James Gorman, muste by Karl Weizelbaum, and serves to introduce Zeb and Zarrow and a big company of comedians in what is claimed to be a new departure in the farce-comedy field. Star specialties are interspersed throughout the action and a chorus of pretty girls are seen in original musical numbers. Trick scenery and wonderful mechanical effects are features.

TO MEET ON MONDAY

Services in the Churches To-Morrov Rev. Mr. Cave on "Church and Politics."-"Lessons from the Life of Washington."

A special congregational meeting of the Second Baptist Church has been called for Monday night next to decide with reference to the erection of the new ouse of worship.

Some time ago, it will be recalled, the congregation met and determined on a revision of the plans with a view to se-curing better facilities for the Sunday-school. It was determined that, if ne-cessary, a new site allowing more room should be secured. The whole matter was referred to the Business Committee, which since that time has gone thorough-

ly over the ground, The committee is now prepared to report, and on Monday night, it will make certain recommendations. Several mem-bers seen yesterday declined to state in advance what they would report.

Dr. J. B. Hawthorne will preach in the morning at the Grove Avenue Baptist Church on "Flicments of Eternal Life." At night his subject will be "The Seed and the Harvest."

The pulpit of the First Church will be filled morning and night by Dr. George Cooper, In the evening Dr. Cooper will preach on "From Thirteen to Thirty-Forgotten Kindness,"

The usual services will be conducted morning and night at the Second Bap-tist Church by Dr. W. R. L. Smith.

The Rev. Samuel H. Templeman will fill the pulpit of Randolph Street Baptist Church morning and evening in the absence of the pastor, the Rev. I. S. Boyles, who goes to Danville to-day.

Dr. C. S. Gardner will preach morning and night at the Grace Street Church.

#### L. AND N. MAY BUILD LINE TO CHATTANOOGA

(By Associated Press.) KNOXVILLE, TENN., February 20.-It s reported here that the Louisville and Nashville road intends to build a line frem this city to Chattanooga, crossing he Jellico and Knoxville main line near Oliver Springs, and crossing the Tennes-Officer Springs, and crossing the Tellinessee River near Kingston, and running on the east bank of the river to Chattanooga. This would give the Louisville and Nash-ville its own entrance into Chattanooga from Louisville and Cincinnatt, and would give Knoxville a line to Chattanooga competing with the Southern Railway.

#### STORM WROUGHT HAVOC TO TURPENTINE INTERESTS

(By Associated Press.)

JACKSONVILLE, FLA., February 20. The Industrial Record, the official naval stores trade journal, published to-day reports from the turpentine belt that not less than thirty per cent. of the virgin boxes and ten per cent. of the old boxes were destroyed by the storm of this week. The timber was blown down by the winds. This less will greatly reduce the turpentine production in this State.

#### More Capitol Plans are Put Upon Exhibition.

Along with the various other plans for repairs to the Capitol building, those of Messrs, Frye and Chesterman, of Lynchburg, and Noland and Baskerville, of this city, were hung upon the walls of the rotunda on yesterday.

A bill has been passed appropriating \$100,000 for this purpose, and Captain W. D. Cardwell, of Hanover, has presented another measure asking for \$100,000 more. There are many who believe that the latter measure will pass, and that the Legislature will go for giving the people such a State House as they manifestly deserve and desire.

It is understood that the Capitol com It is understood that the Capitol com-mission is awaiting action by the Legis-lature on the Cardwell bill before mak-ing any further move in the matter, and nothing definite is expected until the ad-journment of the present session. Professor S. C. Mitchell, of Richmond College, addressed the members of the auxiliary lecture course at their first meeting in the Jefferson Club purlors last Thursday afternoon at 4 o'clock. Beginning with March 5th, Miss Aunspaugh will give a series of lecture-readings before the club. The first reading will be from the poems of Sidney Lanier, the second from Eugene Field's poems, the third and the fourth from the poems of Robert Browning.

Lecture reading is a new feature in the literary circles of Richmond. Evidently a useful future awaits such work. Miss Aunspaugh has developed this plan as a means of bringing her audience into sympathy with the the poet by lecture, and under the direct influence of his thought by reading his poems. Next Thursday, February 26th, Misa Maria Blair will give one of her delightful lectures on "Venlee"—a subject which will bring out Miss Blair's well known powers of description and draw upon her store of tradition and romance, to say nothing of her art lore.

Professor Mitchell's subject, the "French Revolution," was handled in a masterly manner Thursday Afternoon. Mrs. Philip Whitlock, Mrs. L. Z.
